

ENVIRONMENTAL POLICY STATEMENT

Blasting and Painting is seen as a dirty and dusty industry which has few green credentials or consideration for the environment.

At Davidsons Blast Services we think differently, we want stand out from the crowd by being in the select few of surface preparation and protective coating applicators in NE Scotland to be ISO 14001 certified by an accredited certification body.

Our overall objective is:

Zero Environmental Pollution

To achieve this objective we shall ensure that we review our process and equipment, recycle as much as we can; currently we can recycle and reuse over 90% of grit and 100% of empty paint cans. To maintain these levels of efficiency we shall ensuring equipment is running at its most optimal and invest in new and more environmentally friendly equipment on a regular basis.

To reduce our carbon foot-print we shall look at ways of reducing our energy usage and emissions through continual improvement and prevention of pollution.

Davidsons Blast Services is committed to the protection of the environment and the prevention of pollution.

We are committed to being in compliance with all relevant legislation.

HEALTH & SAFETY POLICY STATEMENT

Painting & Blasting could be classed as a hazardous occupation involving working at height, the movement of heavy loads and daily working with solvents and dust from grit blasting.

At Davidsons Blast Services we want to ensure that no harm or ill-health is caused to our employees through their day to day activities at work.

Our overall objective is:

Protect the Health & Well Being of Our Employees

To achieve this objective we shall ensure that we take adequate precautions to prevent accidents, dangerous occurrences and potential long term sickness or ill-health through the working with chemicals or inhaling dust or fumes. It is our policy to take all reasonably practical precautions that will include safety training and health surveillance. We are committed to continually improving the health and safety system.

We are committed to consultation and participation of our workforce in the involvement of OH&S matters

To achieve this level of performance we shall put people first – the main contributors to our success – at the centre of our H & S focus. We shall take pride in ensuring an accident free work environment for our employees, contractors & visitors alike.

DBS is committed to complying with UK and Scottish legislation to achieve this we shall engage with employees and other stakeholders to ensure both their involvement and support.

We are committed to the elimination of hazards and the reduction of OH&S risks.
